

VOLTAGE FOUNDATION

**FUELED BY PURPOSE.
ELECTRIFYING EDUCATION.
THE REVOLUTION ON WHEELS.**

Executive Summary

The Victor Voltage Foundation Cybertruck Program is more than transportation — it's a mobile mission of education, empowerment, and sustainability. This initiative turns every Tesla Cybertruck ride into a direct investment in trade education, scholarships, veteran and first responder employment, community projects, and faith-driven outreach.

Every mile driven builds a legacy of impact, service, and opportunity.

- Vision & Mission:
- Empower Through Education: Revenue supports scholarships, tuition, and tools for students at the Voltage Institute.
- Employ Veterans & First Responders: We create employment opportunities for those who served — as instructors, mentors, chauffeurs, and ambassadors.
- Promote Sustainability: Operating a 100% electric Tesla Cybertruck, we advocate for clean energy and zero-emission solutions.
- Advance Faith & Giving: 10% of all revenues are dedicated to tithing, extending our mission into faith-based and charitable efforts.

Why Choose Voltage?

CyberTruck Exclusivity — Ride in the future, today.

Mission with Every Mile — All proceeds support the Victor Voltage Foundation, funding trade schools, scholarships & community impact.

Personal Chauffeur Experience — One trusted driver, not a rotating app gig.

Luxury Touches — Security, refreshments, and upgrades available.

Impact

- **Self-Sustaining Model: A single Cybertruck covers its own costs and directly funds growth.**
- **Mission-Driven Priorities: Every surplus dollar is directed first toward building the trade school before expanding into scholarships and fleet growth.**
- **Faith-Based Accountability: The 90/10 Kingdom Model ensures that giving is built into every trip.**
- **Community Recognition: Riders, sponsors, and supporters know that every booking helps build a school, change lives, and restore opportunity.**

⚡ Every ride drives change. When you ride with Voltage, you power the future.

Surplus Allocation

After expenses and salary obligations are met, surplus revenue follows a mission-first priority order:

- 1. Land Acquisition – secure property for the first Voltage Institute campus.**
- 2. School Construction – build facilities to deliver trade-based education.**
- 3. Scholarship Funding – provide tuition support and toolkits for students.**
- 4. Cybertruck Expansion – purchase additional vehicles to multiply revenue streams and outreach.**

Integration with the Victor Voltage Ecosystem

- Voltage Foundation: Makes education accessible and affordable.**
- Voltage Institute: Delivers world-class, hands-on trade education.**
- Victor Voltage Token (VV) & NFTs: Enable long-term blockchain-powered funding.**
- Voltage Warrior Gym: Builds discipline, strength, and leadership.**
- Cybertruck Program: Drives recurring revenue and recognition for sponsors.**

How to Support

- **Donate: Directly support students, veterans, and first responders.**
- **Partner: Collaborate on scaling trade education programs.**
- **Sponsor: Fund classrooms, toolkits, scholarships, or Cybertruck initiatives.**

Marketing & Outreach Strategy:

- **Impact storytelling via social media**
- **Corporate partnerships & community engagement.**
- **Media and PR campaigns.**

Risk Mitigation

- **Tesla warranties and maintenance reserves**
- **Comprehensive insurance coverage**
- **Operational funds ensure service longevity**

Ride with Purpose. Drive Change. Empower Generations.
